**Ownership of Intellectual Property:**

The second Party (Client) shall own all intellectual property rights to the software developed under this Agreement. The Developer agrees to assign and transfer all rights, title, and interest in the software to the Second Party (Client) upon receipt of full payment.

Licensing and Usage Rights:

The Participating Parties grant each other a non-exclusive, worldwide, royalty-free license to use, reproduce, and distribute the Software Solution for the duration of this Agreement.

Protection of Intellectual Property:

The Participating Parties shall take reasonable measures to protect the confidentiality and ownership of the intellectual property and shall notify each other of any suspected unauthorized use or infringement.

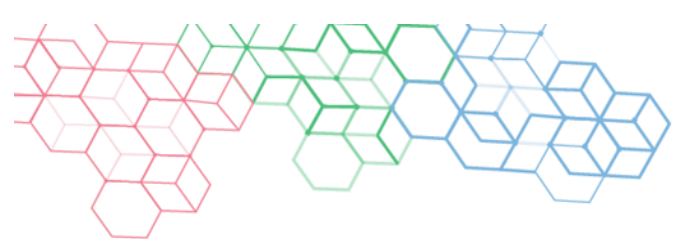

Governing Law and Jurisdiction:

This Agreement shall be governed by and interpreted in accordance with the laws of the People's Republic of Bangladesh. Any disputes arising under or in connection with this Agreement shall be subject to the exclusive jurisdiction of the courts in Dhaka City.

Confidential Information:

Both Parties acknowledge that certain information shared during the collaboration may be proprietary or confidential. They shall maintain the confidentiality of such information and use it solely for the purposes of this Agreement.

Work Details

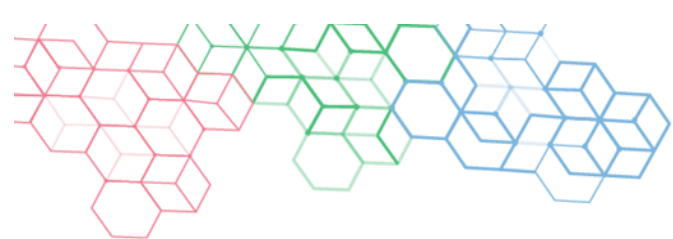

Admin Panel:

1. **Dashboard overview:** Provides a snapshot of key metrics like total rides, active drivers, revenue, etc.
2. **User management:** Allows admins to manage customer and driver accounts, including verification, suspension, or deletion.
3. **Driver allocation:** Enables admins to allocate drivers to specific zones or areas based on demand.
4. **Fare management:** Admins can set and adjust fare rates based on factors like time, distance, and demand.
5. **Reporting and analytics:** Provides detailed reports on rides, earnings, driver performance, and customer feedback.
6. **Promotion management:** Allows admins to create and manage promotional campaigns to attract more customers or incentivize drivers.
7. **Dispute resolution:** Facilitates the resolution of disputes between customers, drivers, and the platform through mediation or arbitration.

Customer Panel:

1. **Registration and profile management:** Allows customers to register, create profiles, and manage personal information.
2. **Ride booking:** Enables customers to book rides, choose vehicle types, and set pickup and drop-off locations.
3. **Real-time tracking:** Provides live tracking of the assigned driver's location and estimated time of arrival.
4. **Payment options:** Supports various payment methods including credit/debit cards, digital wallets, and cash.

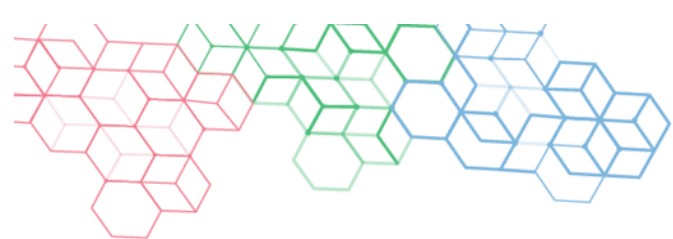

5. **Rating and feedback:** Allows customers to rate their ride experience and provide feedback to help maintain service quality.
6. **Ride history:** Displays a history of past rides, including details such as date, time, driver, and fare.
7. **Support and assistance:** Provides access to customer support for assistance, queries, or issue resolution.

Driver Panel:

1. **Registration and verification:** Allows drivers to register, submit required documents, and undergo verification.
2. **Accept/reject ride requests:** Drivers can accept or reject ride requests based on their availability and preference.
3. **Navigation and route optimization:** Integrates with navigation tools to provide optimal routes and real-time traffic updates.
4. **Earnings and payout:** Displays earnings from completed rides and provides options for payout methods and frequency.
5. **Trip history:** Provides a history of past trips, including details such as pickup/drop-off locations, fare, and customer ratings.
6. **Profile management:** Enables drivers to manage their profiles, update personal information, and upload required documents.
7. **Support and assistance:** Offers access to driver support for assistance, inquiries, or issue resolution.

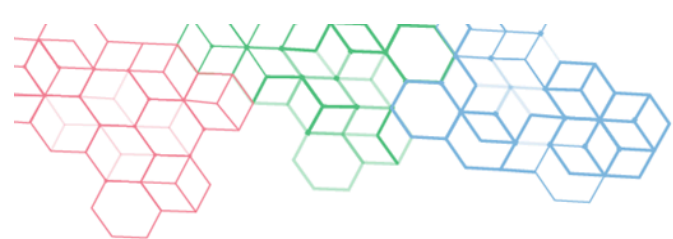

Terms and Conditions:

1. After receipt of full payment SEO Expate Bangladesh Limited will give all the Source Code to the Second Party (Client).
